Are you looking for a way to build up a team environment in your company, organization, club or family?

Take the TEAM challenge!

Build TEAM while helping a charity. Each TEAM member can still individually choose which organization they want to support with their race fee. IN ADDITION, if your TEAM has the most members the TEAM can win an extra \$150 for an organization of their choice.

How to Create or Sign Up for a TEAM

TEAM Captains: To create a team captain must first select the "Register Now" button. From there select, "Create a Team" under "Team Information." Continue and register for the event. After the team is created, the team captain will give the team a name.

TEAM Members: Once your Team Captain has created your team name, click on the "Register Now" button. From there select, "Join a Team." Select your team name from the drop-down box on the form and proceed with registration.
